

# One More Day

## Jake Thomas Turnbull

Have I known you for a lifetime?  
Or just for a day  
I seen you smile at me  
Now youâ€™ve gone away

Stay with me, one more day  
I need you here with me  
Donâ€™t go away  
Stay with me, one more night  
I donâ€™t want to lose sight, of you

Now youâ€™ve got away, back home to stay  
Iâ€™ll be okay, Iâ€™ll see you soon  
I saw your face, brown hair, brown eyes, beautiful  
And I, will see you soon

Stay with me, one more day  
Itâ€™ll be alright, Iâ€™ll drive through the night  
Stay with me, one more day  
Weâ€™ll watch the sun come up, then youâ€™ll fly away

Is it enough, to hold on to  
Is it too much, to say I want to,  
Right girl, wrong place wrong time,  
Do I wait, and make you mine

Stay with me, one more day  
Itâ€™ll be alright, Iâ€™ll drive through the night  
Stay with me, one more day  
Weâ€™ll watch the sun come up, then youâ€™ll fly away
