Two Fisted Love

Phoebe Snow

My babys out there with his lantern
Searching for an honest man
Oh, its crisis time, stuck in the suburbs
Dying on the vineHe knows how to give me gifts from above
He knows how to give me two-fisted love
Two-fisted loveOh, help us, Mary Jane
We are wandering out on this desert plain
Oh, we have no canteen
Can the thirsty stay sane after what theyve seen?My babys out there in his spacecraft
Searching for some energy, gee
Oh, that devil moon
How can you create when you cant stay stay in tune?Because he knows how to give me gifts from above
He knows how to give me two-fisted love
Two-fisted loveMy babys in my arms
Using chemistry to get the best of me
Oh, the past is gone
Stay by my side and we can carry onBecause he knows how to give me gifts from above
He knows how to give me two-fisted love
Two-fisted loveOh, help us, Mary Jane
We are wandering out on this desert plain
Oh, we have no canteen
Can the thirsty stay sane after what theyve seen?Doo doo doo doo doo doo
Doo doo doo doo doo
