

Ready to Rock

Steve Rushton

I have a secret I've been dying to tell
And I would've told you sooner, but I think it's just as well
Now that we're all together, it's time to celebrate
So take your friend by the hand
Call your mom and dad and tell them the party's never gonna stopI'm ready to rock
I'm ready to rock, whoo!
One, two, three, four
Tell me what I'm waitin' forAnd it feels so good tonight
Like I knew it would, alright
And I just love this hot spotlight
And it's been building up inside for a long, long time
Like a kernel that's about to pop
I'm ready to rockI'm just a guy, do you like what you see?
Cause I love making you happy, and I'll do it all for free
And if you have a hard time believing, well, just look inside my heart
'Cause at a drop of a hat
Within a millisecond flat or as fast as you can feel the shockI'm ready to rock
I'm ready to rock
I'm ready!
One, two, three, four, tell me!And it feels so good tonight
Like I knew it would, alright
And I just love this hot spotlight
And it's been building up inside for a long, long time
Like a kernel that's about to pop
I'm ready to rockWell like a moth to a flame
I wanna play you to the game
That way I'm never gonna stopI'm ready to rock
I'm ready to rock
Come on, come on, come on!Are you ready? Are you ready?
Are you ready to rock?
I'm ready to rockOne, two, three, four, five, six, seven, whoo!
Co-come on, whoo!
I'm ready to rock
