

The Infinite Loop

Weaselhead

the infinite loop
a day like any other
another day and night
rain against your window pane

the infinite loop
honey for another
taking off in flight
coming back to earth again

and itâ€™s just running around again
and itâ€™s just donâ€™t make a sound again

the infinite loop
flowers for your mother
giving you a fright
bringing you back home again

holding on so tight
on a day like any other
a symphony
of rage against your windowpane

and itâ€™s just running around again
and itâ€™s just donâ€™t make a sound again

youâ€™ve got to

find freedom again
find freedom again, yeah
if itâ€™s coming down for me
itâ€™s coming for my family
find freedom again
