

# Might Have Ben Hur

## Switchfoot

Everything I know tell me she's everything  
That I could hope for  
Everything I know tell me I can't let her  
Walk away I took my time to find the words  
I hoped she'd feel the same 'Cause I want someone to share my smile  
To share the pain, to be there when the sea turns gray  
To share the joy for better or worse  
And I thought that it might have been her Wonder if she knows  
The way I saw her soul light up my life  
Wonder if she knows  
Of the pain I feel tonight I took my time to find the words  
I hoped she'd feel the same 'Cause I want someone to share my smile  
To share the pain, to be there when the sea turns gray  
To share the joy for better or worse  
And I thought that it might have been her And I thought that it might have been her  
And I thought that it might have been her  
And I thought that it might have been her And I thought that it might have been  
I thought that it might have been  
I thought that it might have been her
