

# Undeniable

AZ

[Chorus:]

Rolling down the block pushing something you ain't never seen (yeah)  
Shorty riding shotgun so incredible (so incredible) (gorgeous)  
Lay back in the? down gangster lean (I stay chilling daddy, you dig, ha ha)  
This feeling is undeniable

[Verse 1: AZ]

Drama seas, sands so white  
Bahamas beach, your plans go right  
Out of reach, Rambo flights  
In some two seater, sitting up like cleavage  
Plane conceded, the prayer was a paraplegic  
Save the chatter, my swagga's needed, believe it  
Button ups, tailor custom cuts,  
Trees on the feet, physique fucks him up  
That's what's up  
Straight from the gutter side  
Keep clean on everything my mother dries  
Still I love Allah, sucker for southern fries  
Facing affiliation, embracing my butterflies  
I, (I) been down for a minute now  
There's none flyer, all the live wires in the ground  
A young messiah, admired by entire town  
Sun-fire, stay higher than Miriah's sound  
So you know I'm on some other shit  
Sneak peak, low creep, deep cover shit

[Chorus]

[Verse 2: AZ]

Local wars, coastal brawls,  
If you ball at once, what's the most you saw?  
If you fall, do you really got folks to call?  
With that bell on hand, why they tell on fam? (sigh)  
I feel his pain, how the unfortunate try to steal the fame  
How it's more nauseousness than the killer in ray  
Through so much anger, (clenching jaw) I know such danger  
Thoreau, I'm a decade in  
From a borough way wicked than Wes Craven

Then again  
Certain things I could never do  
My whole life, get it right, get revenue  
Get a wife, get a white BMW  
2 doors style, take that roof off now  
(Ha) that was dreams of a younger me  
Now my hunger's humongous as a Hummer 3  
Ferrari drop, with that time in the summer T

[Chorus]

[Verse 3: AZ]

I'm unsure, how I felt before  
But for now all I ask, is Lord help us all  
Help me stay focused, I'm self absorbed  
And then sunny vibrations, real spot that's spacious  
Few cases, Julio Englacias  
Fl  
Ow from the coop, I'm like Owens in the booth  
Big boy, had his know from the roof  
Way before rap, I can more than fall back  
All that it's a beautiful zone  
I stay mellow like musical tone, (musical tone)

[Chorus]

Is undeniable  
Is undeniable  
Is undeniable

This feeling is undeniable
