

# You're Gonna Get It

## Mucky Pup

forget my name and number, forget the spell I'm under  
hit me, hurt me, love me, burn me  
cause you, were, the one, for me you pick me up, you tie me down  
you run me round, round, you're gonna get it! you pick me up, you tie me down  
you run me round, round, you're gonna get it! you're gonna get it! you're gonna get it!  
you're gonna get it! you're gonna get yours  
forget my face and address, forget this place mrs. clueless  
hit me, hurt me, love me, burn me,  
cause you, were, the one, for me
