

# Can't Hide From Your Love

[Aaron Shust](#)

I was lost and I was blind  
I was begging for a sign  
That someone  
Somewhere heard me  
As You whispered in the wind  
And You shouted in the waves  
That You heard me  
That You loved me  
And I could finally  
Stop resisting  
You're Everything I ever wanted  
And never knew I needed  
You're Everywhere I ever go  
I can't hide from Your Love anymore  
I begin to drop my guard  
Faithful as the Morning Star  
You show me tender mercy  
I'm surrounded by Your beauty  
I get lost in Heaven's  
Symphony  
It never changes  
Never ending  
Unrelenting  
Why would I want to?  
I don't want to.
