# My Mercy

## Coal Chamber

When I die I'll die in my mercy.
When she cries I'll cry with her.
In my life see I've loved an angel.

My mercy.
My mercy.

Such a glance the softest of skin.
Wax dripping so paper thin.
Remember oils positions of plenty.
Well this memory hot it still haunts me.

We are love we are love.
When I die I'll die in my mercy
And when she cries I'll cry with her and in my life see I've loved an angel.

My mercy.
My mercy eternal to me.

We are love we are made of many.
We are two we are made of a few.

You've taken my life and left me to blame.
You'll never understand the shame.
I would die for my mercy can't you see?
Eternally, eternally.
We are

Love we are made of many. we are two we are made of few.
We are made of few.
