

Branch

Rab Noakes

It's getting quiet in the forest
Sittin' singing the same old chorus
Give me a sign, draw me a line
And show me a branch away from here

Oh I think I'll stuff my cases
And take a look at some other places
I've got something to find
I've got something in mind
I need a branch away from here

D'you ever get that feelin' that you're going round in circles
And you can't seem to get off the ground

I can't taste the milk for the cheese
And I can't see the wood for the trees
Think I'll see what it's like
Back on the road in the night
I'm gonna branch away from here

D'you ever get that feelin' that you're going round in circles
And you can't seem to get off the ground

It's getting quiet in the forest
Sittin' singing the same old chorus
Give me a sign, draw me a line
And show me a branch away from here

I need a branch away from here
I'm gonna branch away from here
