Get Away

Avant

Hmm, yeah, babyI back again, in this town, to find a girl that I used to know
I bumped into, a friend of mine, and she told me where to go
She said go right down, the 56th street, make a left at the corner store
There'll be a house in the alley way, hope she didn't move away
I pray she's still aroundBut somebody came to the door that I didn't know
And I knew to let it go, is it over, all over?
I let a good girl get awayHow could I ever let her get away?
Today is not a happy day
So many words that I had to say
And baby I miss you and I need you your loveHow could I ever let her get away?
Today is not a happy day
It could've been our anniversary
I'd do anything to have you right here in my armsRemember when, we talked about, all the things that we planned to do
Our wedding day, our house in the valley, maybe a kid or two
We could've had it all babe, but somehow it all fell apart
I agree to take the blame, see I'm feeling so ashamed
I never should've liedI'd give anything
To see your pretty face again
Hold you, to feel you
Heaven give me one more chanceHow could I ever let her get away?
Today is not a happy day
So many words that I had to say
And baby I miss you and I need you your loveHow could I ever let her get away?
Today is not a happy day
It could've been our anniversary
I'd do anything to have you right here in my armsIf only it were possible, for me to turn back the hands of time
I'd do anything, give anything, just to make her mine
I can't live without your love babe, I can't go on another day
Where did she go? I gotta know I let a good girl get away
Get away get awayHow could I ever let her get away?
Today is not a happy day
So many words that I had to say
And baby I miss you and I need you your loveHow could I ever let her get away?
Today is not a happy day
It could've been our anniversary
I'd do anything to have you right here in my armsI'd give anything
To see your pretty face again
Hold you, to feel you

Heaven give me one more chanceHow could I ever let her get away?
Today is not a happy day
So many words that I had to say
Baby I miss you and I need you your loveHow could I ever let her get away?
Today is not a happy day
It could've been our anniversary
I'd do anything to have you right here in my arms
