

# Cradle

## Buckcherry

Always, always hateful  
Crack the precious cradle  
Yeah Beauty comes to greet you in your prime  
And soon enough you'll have to use your mind  
Every year discovering your reasons  
And all the things you've learned to present day  
And history finds a way to teach us lessons  
And now the world destruction comes our way Always, always hateful  
Crack the precious cradle  
Calling on Mother Nature  
Didn't mean to kill her Money in the hands of masterminds  
Payback from an insecure decline  
Working hard to rid the world of evil  
Once again a testament of pain  
The only way to treat this kind of problem  
Gonna have to blow it all away Always, always hateful  
Crack the precious cradle  
Calling on Mother Nature  
Didn't mean to kill her Don't you swallow it's in the water  
The free world has to pay  
Biohazard in your letters  
The free world has to play Every year discovering your reasons  
And all the things you've learned to present day  
History finds a way to teach us lessons  
And now the world destruction comes our way Always, always hateful  
Crack the precious cradle, yeah  
Gotta get out, come on gotta get out Always, always hateful  
Crack the precious cradle  
Calling on Mother Nature  
Didn't mean to kill her
