South Park Theme

Richard Cheese

I'm goin' down to South Park
Gonna have myself a time
Friendly faces everywhere
Humble folks without temptationI'm goin' down to South Park
Gonna leave my woes behind
Ample parking day or night
People shouting, "Howdy, neighbor"I'm headin' down to South Park
Gonna see if I can't unwind
I like girls with big vagina
I like girls with big fat tittiesSo come on down to South Park
And meet some friends of mine
