Are You My Friend?

Maria Daines

Maria wrote this song for the purpose of making a film for galgo rescue in Spain but she hasn't found time to create a slideshow with it yet, however many rescue groups have used the song to share their message and their cause.

'Are You My Friend?'

Are you my friend, are you my friend, are you my friend, are you?
Are you my friend, are you my friend, are you my friend?
I'm out here all alone, I'm out here all alone, I'm out here all alone...

I've searched for you...
I've searched for you...
I've searched for you...

Are you my friend, are you my friend, are you my friend, are you?
Are you my friend, are you my friend, are you my friend, are you?

I've searched for you...
I've searched for you...
I've searched for you...
