

# Flying With Angels

## Daniel O'Donnell

seeing you inside this lonely, little, tiny, hopeless room  
Is way harder than you thought It's harder than you thought  
Bringing you your favorite flowers  
Purple daisy hope you bloom  
Your mama's tears on my shoulder  
Make my insides even tighter  
I would rather see you here standing  
Breaking up with me than to see you 50-50 in your hospital bed  
There's an angel by your side My vision see your reflection  
Tragedy will set aside if only I have felt right  
I've never seen your heart this tired  
I've never seen your heart this tiredI won't stop believin that you'll open your eyes,  
I've been prayin that you'll never ever of go to the light yet  
I won't hide this feelin that I'm having inside,  
I've been wishing I'm the one who's in there and you're not oneWaiting here in front of you  
Is the only thing I could do  
I've never felt so useless in my life  
But what else should I do  
Hang in there my pretty love  
Sun will set to shine for you  
And when you open your eyes  
For sure I'll be on your sideI've never seen your heart this tired  
I've never seen your heart this tired  
I won't stop believin that you'll open your eyes,  
I've been prayin that you'll never ever of go to the light yet  
I won't hide this feelin that I'm having inside,  
I've been wishing I'm the one who's in there and you're not on
