

# **Yours to Keep**

## **Blue Hawaii**

Lay down with me  
Know I am yours to keep  
I lost so hard I weep  
Felt like it's over my head  
Can't say I like this  
Stay, this? what you want  
Make them go down south  
Staying is a choice  
Moving to the south

Old now, left me  
Old now, left me  
Here I am ... the ring is underground  
And I can feel it all around  
I know, you're so ...  
Then I can feel it in my head  
It's all takes longer once again  
I know it's so ... like this  
Saying is a choice to keep  
It's open to mind now, to keep  
Saying is a choices, yours to keep  
Snakes inside the mouth, yours to keep  
Staying you'll just give up, yours to keep, give up  
Women, women love them, yours to keep, love them  
Feelings falling, yours to keep  
Saying you'll just give up, give up  
Love me, love me ...  
Please don't, please don't, give up,  
Yours to keep, yours to keep  
All done, all done, all done.
