## Sacred Reich

Striking fear in the hearts of men  
War machine will leave you dead  
[Incomprehensible] sky  
The end is near, it's your time to die Lightning war hitting fast and hard  
[Incomprehensible] caught off guard  
The Fuhrer's troops invade the land  
[Incomprehensible] the master plan Blitzkrieg, lightning war  
Hitler to kill them all  
Pure bred Aryan man  
Sacred Reich's master plan [Incomprehensible] control the world  
Exterminate those who stand in his way  
Evil butchers know just what to do  
Killing millions of Russians and Jews Can this madman be stopped?  
Is there hope for world peace?  
We must kill Hitler  
To stop this Nazi disease Blitzkrieg, lightning war  
Hitler to kill them all  
Pure bred Aryan man  
Sacred Reich's master plan Goering's Luftwaffe turned to ash  
Stormtroopers fall in defeat  
The end of the final solution  
The Third Reich falls to it's knees His dream undone  
Hitler is dead  
The beloved Fuhrer  
Put a bullet in his head Blitzkrieg, lightning war  
Hitler to kill them all  
Pure bred Aryan man  
Sacred Reich's master plan
