

# Connect

## Miku-tan

Thereâ€™s a thousand miles between us  
As I feel your breath on my skin  
There are so many things I want to say  
But I donâ€™t know how to begin

I want to connect with you  
Over the oceans and back to the truth  
I want to connect with you

Iâ€™m standing right beside you  
Screaming in my head  
I donâ€™t know how to reach you  
I shut down instead  
When all I want to do is connect with you

The silence is defining  
Your heartbeatâ€™s been heard from next door  
I knock but no answer  
You know Iâ€™ve never done this before

I want to connect with you  
Over the oceans and back to the truth  
I want to connect with you

Iâ€™m standing right beside you  
Screaming in my head  
I donâ€™t know how to reach you  
I shut down instead  
When all I want to do is connect with you

Distance can be measured by  
The pain you feel inside your heart  
We could be together  
Or be five million miles apart  
But that wouldnâ€™t stop me

I want to connect with you  
Over the oceans and back to the truth  
I want to connect with you

I'm standing right beside you  
Screaming in my head  
I don't know how to reach you  
I shut down instead  
When all I want to do is connect with you
