## The Beast

## **Concrete Blonde**

The prey of the beast screamed, "Bloody murder" The line is so fine between hoping and hurting Former believers, they beg for release As love looking down on them smiles and picks his teethTrapped in between heaven and hell He knows all the secrets you don't want to tell There's nowhere to run and there's nowhere to hide Love knows you all too well, he will find youLove is the ghost haunting your head Love is the killer you thought was your friend Love is the creature who lives in the dark Sneak up, will stick you and painfully pick you apartLove is a poet, love sings the songs Pointing his finger you follow along Voices are calling, the monster wants out of you Paws you and claws you, you try not to fallLove is the leech, sucking you up Love is a vampire, drunk on your blood Love is the beast that will tear out your heart Hungrily lick it and painfully pick it apartLove is the leech, sucking you up Love is a vampire, drunk on your blood Love is the beast that will tear out your heart Hungrily lick it and painfully pick it apartLove is a ghost, haunting your head Love is the killer you thought was your friend Love is the teacher who lives in the dark Sneak up and stick you and painfully pick you apart
