

Walk On Water

DIO

He's just an ordinary man
No, he's never gonna live forever
So he takes it where he can Too many nights without a day
For the sake of being clever
He almost lost his way He always thought that he could fly
Till he was shot down from the sky You can't walk on water, don't try
You can't walk on water, my, my, my They say there's ice inside his veins
He's the man of a thousand faces
Silver spoons and golden chains He thought his heart was made of steel
But it never started pounding
Till they strapped him to the wheel He always thought that he could fly
Till he was shot down from the sky
No matter what you try You can't walk on water, my, my
Can't walk on water, don't let me try Somebody said we'll make him strong
He can give us all the answers
Tell us right and show us wrong If you believe it, it's no lie
And there is an end to summer
'Cause the winter makes it die We never looked above his head
And so he missed the things they said, yeah
He always thought that he could fly
Until they shot him from the sky
No matter how you try You can't walk on water
Can't burn the sun
Can't walk on water
Can't walk on water You can't, you can't, you can't
You can't, you can't walk on water
Walk on water, walk on water, don't try now
