

Blue Ruby

Bear Girl

Couldn't sleep with your shuttering
Finally the light came to shine on the one thing i crave
Wouldn't speak; wouldn't dare
But i will follow your voice almost anywhere
Hope she knows what's knocking on her doorI can hear them say
"There's still hope for everyone"
In the mountain's shade
Could have sworn she said
"You're the one I'm counting on"
So i must be braveGive me grace
Never fear; never feign
Between the love and the loss it all weighs the sameUntil i dive i feel like I'm seasick
Seems like an easy fix
But i cannot meet halfway with a freezing ocean bay
It's turned to ice nowFinally
The light came to shine on me
Was i put here purposely?And as it comes to an end
The flames return to smoke again
Don't wanna say it again
"All i wanted was you"
Though i know you were never here
So i'll just goI can hear them say there's still hope for everyone
I can hear them say there's still hopeGive me grace
Never feign
Let me lure them away
