

# All My Life

## MONEY

Not ashamed of what I'm doing  
But I'm ashamed of what I've done  
Ooh, I'll meet you in the garden  
That will grow when we are gone All my life, I've been searching for something  
So I always heard emptiness is nothing  
Time will tell Hold me closer, don't ever let me go  
Hold I'll make you into a movie  
Make a statue in the park  
I'll be the guy on the bench without money  
Pass you by in the dark All my life, I've been searching for something  
So I always heard emptiness is nothing  
Time will tell Hold me closer, don't ever let me go  
Hold
