

What We Do Is Wrong

Mike Jones

(*talking*)

Mike Jones, who

(even though what we do is wrong)

[Mike Jones]I know, what I be doing is wrong

But I'm a hustler fo' life, fuck with two strikes

Give me that butter or all white, and I'm alright

Can't live minimum wage, cause that's just not my life

I roll up and down the block, on cutters

Hit the block move butter, cause I'm straight from the gutter

You leave her home alone, and I will fuck her

And when my money low, I abduct her

Hustler is what I am, kilos by grams

This a stick up man, get out your car man

Only way is to survive, if my AK jam

Like Jigga, I'm standing in my B-Boy stance

I make hoes kick in, like kicking a kick stand

I'm a man, and my two feet I use to stand

Cause I'm a man, who

Mike Jones Jones, coming soon

(even though what we do is wrong)

So don't, even play yourself

Who is Mike Jones, coming real soon to your shelf

And it's gon move off the shelf, guaranteed with no help

I feel like, I'm the only one left in the game

I rep North mayn, hoes yep give me brain

Swisha House what I claim, who Mike Jones mayn

Much love to the fans, that be screaming out my name

Uh, fa sho (even though what we do is wrong)

Until I die, I'ma forever bring pain

I'm getting better for the cheddar, still the Wood North mayn

Fa sho, Mike Jones gon forever get his change

Shouts out to Boss Hogg, and the Color Change gang

Go get my album, when it hit the stores mayn

Who is Mike Jones, that's the album name mayn

And to you haters, uh

(even though what we do is wrong)

How you gon say, that you better than me

You ain't even in the game, how you better than me

You talking down, talking bout you can do what I do
I paid dues, you will never ever fill up my shoes
H1 or H2, I swear I'ma get it
And when I get it I swear, you gon be looking shitty mayn
Mike Jones be gripping grain, uh
(even though what we do is wrong)
(*talking*)
Mike Jones (who), Mike Jones
(who) Mike Jones, (who) Mike Jones
(who) Mike Jones, Jones, Jones
Uh, sing along baby, Ballin Underground
Coming soon, Who is Mike Jones
(even though what we do is wrong)
