Hello Buddy

The Tremeloes

Hello buddy I can see how you've been
You've had all the luck that passed me by
Hello buddy won't you bring me on in
Cut me off a piece of your pieHello buddy it's a shame and a sin
Making all that money on your own
Hello buddy don't you know your old friend
Standing on the doorsteps all aloneHello buddy, just let me
Try to tell you why
(Why?)
Hello buddy
I didn't think you'd turn a blind
(Eye)Hello buddy well my woman has gone
Left me gone away without a word
Hello buddy don't you think it was wrong
Tell me it's the worst thing that you've heardHello buddy, just let me
Try to tell you why
(Why?)
Hello buddy
I didn't think you'd turn a blind
(Eye)Hello buddy, just let me
Try to tell you why
(Why?)
Hello buddy
I didn't think you'd turn a blind
(Eye)Hello buddy I can see how you've been
You've had all the luck that passed me by
Hello buddy won't you bring me on in
Cut me off a piece of your pieHello buddy
Hello buddy
