

# Hello Buddy

## The Tremeloes

Hello buddy I can see how you've been  
You've had all the luck that passed me by  
Hello buddy won't you bring me on in  
Cut me off a piece of your pieHello buddy it's a shame and a sin  
Making all that money on your own  
Hello buddy don't you know your old friend  
Standing on the doorsteps all aloneHello buddy, just let me  
Try to tell you why  
(Why?)  
Hello buddy  
I didn't think you'd turn a blind  
(Eye)Hello buddy well my woman has gone  
Left me gone away without a word  
Hello buddy don't you think it was wrong  
Tell me it's the worst thing that you've heardHello buddy, just let me  
Try to tell you why  
(Why?)  
Hello buddy  
I didn't think you'd turn a blind  
(Eye)Hello buddy, just let me  
Try to tell you why  
(Why?)  
Hello buddy  
I didn't think you'd turn a blind  
(Eye)Hello buddy I can see how you've been  
You've had all the luck that passed me by  
Hello buddy won't you bring me on in  
Cut me off a piece of your pieHello buddy  
Hello buddy
