

# Everyday

## Bif Naked

Something I've been wanting to say to you  
Are you sitting down?  
Pretty soon there'll be a day  
When I won't be around I'm not trying to scare you  
Or play on your sympathy  
Just want to remind you  
That life is a symphony So everyday  
Live it like it's your last one  
And every kiss  
Kiss it like it's your first love If I had one wish then I would wish  
That you would live today like everyday  
Everyday is your last one People always rushing around  
Wasting time on money  
Don't be just a face in the crowd  
Getting high and running from something  
I'm not trying to tell you what to do  
In the end it's up to you Everyday  
Live it like it's your last one  
And every kiss  
Kiss it like it's your first love If I had one wish then I would wish  
That you would live today like everyday  
Everyday is your last one Dip your feet into the ocean  
Let the sun beat on your skin  
Soak in every emotion  
That you never thought you'd live And never take for granted  
Every breath you're breathing in  
Go everywhere you've never been And everyday  
Live it like it's your last one  
Every kiss  
Kiss it like it's your first love Everyday  
Live it like it's your last one  
Every kiss  
Kiss it like it's your first love And if I had one wish then I would wish  
That you would live today like everyday  
Everyday is your last one, everyday
