

# Disco Therapy

## Luke Metzler

Electro spinning away,  
you're sinning away,  
you're getting away,  
you're running straight into the arms of something cold.

I love it if you love kink,  
but you're outta sync  
on this hard drink,  
got you hedonistic always needing more.

It's hard to get this high  
when you've been using all the time.  
I see you heading to a place too far away.

A place where I can't find  
that James Baldwin reading mind  
that had you waxing on the world in eager days.

The disco tech is a holy house, and you wear it out when you go to pray.  
You can't pretend that you're doing fine when you're doing lines every single day.

Oooo oooo, I've had enough of this disco therapy.  
Oooo oooo, I can't stop this disco therapy.  
I've been running after you, you've been chasing every groove,  
and the lights have taken you under.  
Oooo, oooo, I won't stop this disco therapy.

I'm sure the sweat is sweet, but when you're passed out on your feet  
I wonder when's the last time I saw you alive.  
Not tryna slow the roll.  
I just wish you had control  
of this madness that you're craving all the time.

The disco tech is a holy house, and you wear it out when you go to pray.  
You live this fast so you don't have to look back, you just have to react to what comes your way.

Oooo oooo, I've had enough of this disco therapy.  
Oooo oooo I can't stop this disco therapy.  
I've been running after you, you've been chasing every groove,  
and the lights have taken you under.

Oooo, oooo, I won't stop this disco therapy.

The beat is a lie.  
The truth is inside.  
The beat is a lie.  
The truth is inside.

I don't need your disco therapy.

Oooo oooo, I've had enough of this disco therapy.

Oooo oooo I can't stop this disco therapy.  
I've been running after you, you've been chasing every groove,  
and the lights have taken you under.

Oooo, oooo, I won't stop this disco therapy.  
Oooo oooo, I've had enough of this disco therapy.  
Oooo oooo, I can't stop this disco therapy.  
I've been running after you, you've been chasing every groove,  
and the lights have taken you under.  
Oooo, oooo, I won't stop this disco therapy.
