Destroy and Dominate

Advisory - the following lyrics contain explicit language:

I am the bastard son
The expendable one
War is in my blood
Rage is in my heartThe lone wolf inside meNo home, no family
Just wanted serenity
But you pushed, you pushed me
You pushed meThe lone wolf inside me
Needs to be set freeOne by one I'll crush you all
Day by day, destroy and dominate
Blood, blood for blood
Destroy, destroy and dominateRejected by society
The same one that created me
And I, I don't care what you say anymore
I am no longer your slaveThe lone wolf inside me
Has finally been set freeOne by one I'll crush you all
Day by day, destroy and dominate
Blood, blood for blood
Destroy, destroy and dominateDominateOne by one I'll crush you all
Day by day, destroy and dominate
Blood, blood for blood
Destroy, destroy and dominate
