

# Destroy and Dominate

## Chimaira

Advisory - the following lyrics contain explicit language:

I am the bastard son  
The expendable one  
War is in my blood  
Rage is in my heartThe lone wolf inside meNo home, no family  
Just wanted serenity  
But you pushed, you pushed me  
You pushed meThe lone wolf inside me  
Needs to be set freeOne by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominateRejected by society  
The same one that created me  
And I, I don't care what you say anymore  
I am no longer your slaveThe lone wolf inside me  
Has finally been set freeOne by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominateDominateOne by one I'll crush you all  
Day by day, destroy and dominate  
Blood, blood for blood  
Destroy, destroy and dominate
