Uriah Heep

It's the same old line
People get to you if they can
They take what they find
They will change you mind
They will fit you into their play And then one day you'll wake up
As somebody else
Someone they advented A split image
Don't let them burn you
Split image
Don't let them turn you
Split image
Just keeps comin' back
Comin' back, comin' back
To who you are And the wrong get born
And the right ones just stay away
What he's livin' for
If the wrong get born
And we don't have a word to say And it's so hard to wake up
Or in right groove
A crack in the mirror He's come ...
Remember who you are
