

# Over and Over

**Joe Walsh**

Over and over  
Just as plain as can be  
Taken for granted  
Out in the open  
Easy to seeTaking my chances  
I'm counting my shoes  
I'm playing a game  
Making it easy  
Counting in two'sBy the time you get started  
You're already through  
Just a matter of time till it shows  
Like reading the headlines  
Yesterday's news  
Over and overThat's how it goes  
Or haven't you heard?  
Talking so fast  
Only at the same time  
Searching for wordsIt's all about the same thing  
Underneath the disguise  
Just like they say  
If you're looking for answers  
Open your eyesAnd sooner or later  
It's easy to see  
Just a matter of time till it shows  
Like keeping a secret  
Ev'ryone knows  
Over and Over
