

# Illuminations

## The King Khan & BBQ Show

The light in the dark  
Came from sparks deep within you  
Would you choose to burn out  
Or just let the flames consume you  
Wrap your head around the thought  
Let it guide your every movement  
Now return to yourself  
And leave the rest beneath you  
Illuminations  
Illuminations  
Don't let them leave you behind  
Illuminations  
Illuminations  
Illuminations  
Don't let them leave you behind  
Na na na, na na na na na  
Na na na, na na na na na  
Don't let them leave you behind  
Take a chance while you wait  
In light of your surroundings  
Use a smile as your bait  
And feel your life around it  
Wrap your head around the thought  
Let it guide your every movement  
Now return to yourself  
And leave the rest beneath you  
Illuminations  
Illuminations  
Illuminations  
Don't let them leave you behind  
Don't let them leave you behind  
Just let them feed your mind
