[ENG TRANSLATION]
Beautiful Beautiful
I just cant love you anymore
Our memory is hard to be forgotten
Just look at me
Let me hate you, get out of me
My whole life is torn apart and hurt
Your dark eyes and soft lips are wet
I grew on a painting and silly drawings
Beautiful Beautiful mou kimi shika aisenai yo
Atsui omoi kesenai yo boku dake o mite
Beautiful Beautiful
This life is about to disappear allowing me to die
Even some tears that flow will also embrace
Even some tears flow to embrace
I cant keep it up
How I do to make up two different people
Not only because of the sun I will sweat and fade
Beautiful Beautiful
I just cant love you anymore
Theres nothing that lasts forever
Beautiful Beautiful
Spring, summer, fall, and winter
My heart is trapped Oh I need a way out
This has been a new shocking experience of love
You tried to find a fake story out of jealousy
The children once are whining
How far you said it for sure
I can no longer bear this story in my heart but I say you are my babe
Cowardly I change the past of your presence, I will go walk keep on
Colorful life, you are no longer sparkling wildly in time any more
The life you have made is unforgettable and we gonna make it you know
thank you, love you, for me its you
Why I cant only love you, if you dont know yet, because I will wait until you feel it
Until you feel me
I love you I love you
I just cant love you anymore
I think this story I look for is unforgettable
Beautiful.. Beautiful
This life is about to disappear allowing me to die
Even some tears that flow will also embrace
