Don't Let My Mother Know

Lordi

I set the mood
It's like Evil Dead II
Out in the woods
Spread the fear with my tools
I need to see you
I need to feel you
Skull & bones
Grins & moans
Let me be the one to shock you
Don't let my mother know,
Don't let my Mother know
that her baby's bad
Don't let my mother know,
Don't let my Mother know
that her baby's bad
Don't let my mother know!
Go tell the world
Mr. Monster is here
The great slash-o-rama's multen fear
I need to see you
I need to feel you
Skull & bones
Grins & moans
Let me be the one to shock you
Don't let my mother know,
Don't let my mother know
that her baby's bad

Don't let my mother know,
Don't let my mother know
that her baby's bad
Don't let my mother know!
I need to see you
I need to feel you
Skull & bones
Grins & moans
Let me be the one to shock you
Don't let my mother know!
Don't let my mother know,

Don't let my mother know
that her baby's bad
Don't let my mother know,
Don't let my mother know
that her baby's bad
Don't let my mother know,
Don't let my mother know
that her baby's bad
Don't let my mother know,
Don't let my mother know
that her baby's bad
Don't let my mother know!
