Bay

JULIAS MOON

I've bees sleeping and hiding,
but you were always in my dreams.
And I've been tripping and running,
from all the memories that I gave you.Bridge:
Baby I can be you gentle cause,
and tonight burns tonight.
Uh, but I'm drenched in tide,
branched in high,
I ain't got no fire,
baby don't even start.Chorus:
I couldn't love you,
even if i tried for tonight.
I couldn't love you,
Your dreaming won't make this work,
I am sure.Trying, hoping, feeling,
all the peaches I would give you.
Uh, and I'm kissing, trying, missing
all the beaches that we went to.. (yeah)Bridge:
Baby I can be you gentle cause,
and tonight burns tonight.
Uh, but I'm drenched in tide,
branched in high,
I ain't got no fire,
baby don't even start.Chorus:
I couldn't love you,
even if i tried for tonight.
I couldn't love you,
Your dreaming won't make this work,
I am sure.Don't you know, don't you know, don't you know baby...I couldn't love you, (you know it well)
even if i tried for tonight. (even if I tried baby)
(You should have known) I couldn't love you,
Your dreaming won't make this work,
I am sure. (You better believe I'm sure)
