

Bay

JULIAS MOON

I've been sleeping and hiding,
but you were always in my dreams.
And I've been tripping and running,
from all the memories that I gave you. Bridge:

Baby I can be your gentle cause,
and tonight burns tonight.

Uh, but I'm drenched in tide,
branched in high,

I ain't got no fire,
baby don't even start. Chorus:

I couldn't love you,
even if I tried for tonight.

I couldn't love you,
Your dreaming won't make this work,

I am sure. Trying, hoping, feeling,
all the peaches I would give you.

Uh, and I'm kissing, trying, missing
all the beaches that we went to.. (yeah) Bridge:

Baby I can be your gentle cause,
and tonight burns tonight.

Uh, but I'm drenched in tide,
branched in high,

I ain't got no fire,
baby don't even start. Chorus:

I couldn't love you,
even if I tried for tonight.

I couldn't love you,
Your dreaming won't make this work,

I am sure. Don't you know, don't you know, don't you know baby... I couldn't love you, (you know it well)
even if I tried for tonight. (even if I tried baby)

(You should have known) I couldn't love you,

Your dreaming won't make this work,
I am sure. (You better believe I'm sure)
