Mr Bushwick

Uncle Frank

Mr Bushwick... swim with me
Mr Bushwick... swim with meWe rock the party, that's clear to see
The Make It Nice Brothers, Naim and me
Up in the mix the girls, they wanna play
So I hit them with m patter this is what I say
There's a party being thrown by the bottle top guys
So up jump the boogie with a big surpriseMr Bushwick... swim with me
Mr Bushwick... swim with meGirls started acting like they normally do
Visiting the bathroom in their ones and twos
Getting all sloppy with their P's and Q's
Bringing everyone down, with their boyfriend blues
We like the party on a lovin' tip
No party poopin' or no girly shizz
Next time I think what we're gonna do
Is make it nice for u and the bottle top crew
