

Teardrops

The Proclaimers

Teardrops running down your face
Teardrops running down your face
Diamonds of water, and salt from your body
Coming down to meet my kisses

Teardrops running down your face
Teardrops running down your face
Staining your skin and my skin and beginning
The stories that you can't begin

The way I feel could be despised
But its a vision that I prize
Teardrops
Teardrops

I'm not trying to make you feel pain
Or joy to make the tears flow
But when they roll unashamed
They move me so

Teardrops running down your face
Teardrops running down your face
Let me, let me brush them with my fingers
Comfort you and say its alright

It's so strong this way I feel
Sometimes I want to beg or steal
Teardrops
Teardrops.
