Crashed

Enda

Well, I was moving at the speed of sound
Head spinning, couldn't find my way around and
Didn't know that I was going down, yeah, yeah
Where I've been, well, it's all a blur
What I was looking for, I'm not sure
Too late and didn't see you coming, yeah, yeahAnd then I crashed into you and I went up in flames
Could've been the death of me but then you breathed your breath in me
Then I crashed into you like a runaway train
You will consume me, well, I can't walk awaySomehow I couldn't stop myself
Just wanted to know how it felt
Too strong I couldn't hold on, yeah, yeah
Now I'm just trying to make some sense
Out of how and why this happened
Where we're headed, there's just no knowing, yeah, yeahAnd then I crashed into you and I went up in flames
Could've been the death of me but then you breathed your breath in me
Then I crashed into you like a runaway train
You will consume me, well, I can't walk awayYour face, your eyes are burning to me
You save me, you gave me
Just what I need, oh just what I needAnd then I crashed into you and I went up in flames
Could've been the death of me but then you breathed your breath in me
Then I crashed into you like a runaway train
You will consume me, but I can't walk awayAnd then I crashed into you and then I crashed into you
And then I crashed into you and then I crashed into you
Then I crashed into you like a runaway train
You will consume me but I can't walk away
