No Peace

Ram-Zet

Without rhyme, without reason
Every day another treason
No peace for the people in the hands of a fool
How much longer will ignorance rule?
We're getting off
We're getting off
You have to know that we've had enough
So face it, the place is a mess
No, no good, don't act like you should
We, we're doomed right from the start
No, no doubt the choice is too hard
We're getting off
We're getting off
You have to know that we've had enough
Now it's your turn to fight
Armed and ready, famous and rich
Now it's your turn to fight
Time has come to flip the switch
Now it's your turn to fight
So what do you know and how does it feel?
Now it's your turn to fight
No peace without justice and that's for real
We deserve a much better life
Control a harmless obsession

We, we're big and never bad
You, your days are numbered, you pig
We're getting off
We're getting off
You have to know that we've had enough
Now it's your turn to fight
Armed and ready, famous and rich
Now it's your turn to fight
Time has come to flip the switch
Now it's your turn to fight
So what do you know and how does it feel?
Now it's your turn to fight
No peace without justice and that's for real
Now it's your turn to fight

Your time to fight
Now it's your turn to fight
Now is your time to fight
Now it's your turn to fight
Now is your time to fight
Now it's your turn to fight
No peace without justice and that's for real
No peace without justice and that's for real
