

# All For You

## Our Lady Peace

A suburban man at my door  
But I don't think I'll let him in  
He wants discipline  
Discipline, control over the way I liveWants the best for me old school philosophy  
But I can't turn my back on him  
He's a part of me  
Buy me anything but I just need a friendIt's all for you  
You got me where you want  
It's all for you, oh  
Just stop breaking my heartYou're the blood of a seed and it's all that I need  
Got me where you want  
It's all for you, oh  
You got me, oh, you got meJack Kerouac, kh-kh-kh-Kerouac  
On the road and in my head  
And the irrelevance, intelligence  
A new tattoo, a lot more sexBroken families, a new enemy  
And you will not make up for this  
This suburban man, he wants discipline  
But I just need a friendIt's all for you  
You got me where you want  
It's all for you, oh  
Just stop breaking my heartYou're the blood of a seed and it's all that I need  
Got me where you want  
It's all for you, oh  
You got me, oh, you got me where you wantLeave me alone  
Oh, leave me aloneSo never run  
You got me where you want  
All for you, stop breaking my heartYou  
You got me where you want  
It's all for you, oh  
Stop breaking my, stop breaking my heartYou're the blood of a seed and it's that I need  
Got me where you want  
It's all for you, oh  
'Cause you got me, oh, you got me where you wantIt's all for you, oh  
Oh, just stop breaking my, stop breaking my heart  
It's all for you, oh  
Got me, got me where you wantIt's all for you, oh  
My heart  
It's all for you, oh

Oh, you got me, oh, you got me where you want  
Leave me alone
