

# Summerland (Remix)

## Lunatic Soul

Black procession in the rain  
Lovely brand new hearse  
Everyone cries  
Everyone cares  
Or maybe just pretends  
Oh, it's your big moment, by the way  
Cold at heart  
Indifference  
Thought they were your best friends  
Tears & flowers  
From the one  
You never would expect  
Oh, it's your big moment, by the way  
Would you like to tell them something?  
Do you remember what you said  
When I looked into your eyes  
For the first time  
I know you're not quite ready yet  
But there's nothing to be afraid of  
In your Summerland.  
On the wall  
In the waiting room  
Still life in a frame  
At the end of the corridor  
Someone screams your name  
Oh, it's your big moment by the way  
Would you like to tell him something?  
Do you remember what you said  
When I looked into your eyes  
For the first time  
I know you're not quite ready yet  
But there's nothing to be afraid of  
In your Summerland
