Fuck It

Seether

I guess, I like it when we play
The way you drag me down
I guess, I like it when you hate me
The way you drag me downCause I cant face myself in a mirror
Im left alone with all my pain
And I disgrace myself in the mirror
Im left alone with my shameFuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in me
Fuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in meI guess, I like it when we fight
The way you drag me down
I guess, I like it when you smite me
The way you drag me downCause I cant face myself in a mirror
Im left alone with all my pain
And I disgrace myself in the mirror
Im left alone with my shameFuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in me
Fuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in meYoure out of luck, cant get a piece of me
Its all blown up, dont even fuck with me
I cannot please you all forever, I cannot please you at all
I can feel you coming up behind meFuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in me
Fuck it, I see you in me
Fuck it, I feel you in me
Fuck it, Ill heal you in me
