

Assassin

Nouwa

Die now, no more time
I am death. The hand is mine
Great honour comes to thee
 Tonight in my reach
Assassin, Assassin, Assassin, Assassin
 Your years all dust, speak my name.
Assassin, Assassin, Assassin, Assassin
We shall see, as before, you are marked, my heart is pure
Great honour falls to me. I come tonight, the hand is mine
 Assassin, Assassin, Assassin, Assassin
 Your years all dust, speak my name.
Assassin, Assassin, Assassin, Assassin
 Assassin, Assassin, Assassin, Assassin
 Desert be thy grave
Thy life be mine to take or save
 Mine eye upon thee
 I taste thy death
 I am assassin
Look well, see my face, I am death, I will not wait.

Great armies shall bow to me. I come tonight, the hand is mine
 Assassin, Assassin, Assassin, Assassin
 Your years all dust, speak my name.
Assassin, Assassin, Assassin, Assassin
 Assassin, Assassin, Assassin, Assassin
 Desert be thy grave
Thy life be mine to take or save
 Mine eye upon thee
 I taste thy death
 I am assassin
 And many be thy sins
Thy life be forfeit, the heart within, should flinch now dog
 and freeze thy spine, I want thy life, the hand is mine
 Now blood, is satisfied
 I ride by night, to make thee die
 My hand upon thee, my heart is pure
 I am assassin
 I smiled, I dreamed thy fear
 My arm is long to reach thee here

All men shall tremble, their houses fall
I am assassin
