

# Freak Of Nature

Chris Crocker

It's Chris Crocker ...  
They say I'm a freak of Nature and  
I think they're right.  
I want you now and I ain't askin you, Bitch Please!  
Now I'm too proud and you're down begging on your knees  
I think it's hot when I pin you down - Pull your hair  
I'll have you screamin' like a freakin' nightmare  
Gettin' ready for the club  
Sexy but it isn't love  
I'm just a freak ? freak  
I'm just a freak ? freak  
Thrust our bodies up and down  
Wanna kiss your playground  
I'm just a freak - freak  
I'm just a freak  
Baby, read my lips  
I'm a Freak of Nature  
Wanna go all night  
Baby, come taste the danger  
Turn it up tonight  
Come on, take a bite  
I'm a freak ? freak ? freak  
I'm just a Freak of Nature  
Our sounds are gettin' loud and I am covering your screams  
From the couch - to the ground - the sleezin' in the streets  
They called the cops, but baby, we're not scared  
They'll just pat us down and touch us down there  
Gettin' ready for the club  
Sexy but it isn't love  
I'm just a freak ? freak  
I'm just a freak ? freak  
Thrust our bodies up and down  
Wanna kiss your playground  
I'm just a freak ? freak  
I'm just a freak  
Baby, read my lips  
I'm a Freak of Nature  
Wanna go all night

Baby, come taste the danger  
Turn it up tonight  
Come on, take a bite  
I?m a freak ? freak ? freak  
I?m just a Freak of Nature  
Yeah, slow it down  
Everyone?s got methinks? to say,  
But no one?s gonna rain on my parade  
I?m much more  
Much more than you think  
You?re just the freaks  
You?re just the freakin? haters  
Gettin? ready for the club  
Sexy but it isn?t love  
I?m just a freak ? freak  
I?m just a freak ? freak  
Thrust our bodies up and down  
Wanna kiss your playground  
I?m just a freak ? freak  
I?m just a freak  
Baby, read my lips  
I?m a Freak of Nature  
Wanna go all night  
Baby, come taste the danger  
Turn it up tonight  
Come on, take a bite  
I?m a freak ? freak ? freak  
I?m just a Freak of Nature  
Us freaks are endangered species  
So let?s live it up to the fullest  
Live it up  
What you got to say?  
Come on, take a bite  
I?m a freak ? freak ? freak  
I?m just a Freak of Nature  
It?s Chris Crocker ...  
AND WHAT?  
Bitch, please!
