

# One Thousand Times Decapitation

## Cattle Decapitation

Line them all up  
The smiling faces and the disheveled  
The bleak and the brawn  
The weak and the strong  
The guillotine sits tall and blind  
A head for every sin of man  
A head for sympathy and revenge  
Thousands times thousands and millions of wrongs  
Justly and blindly executed  
Persecution. Decapitation. Curse the heads of men  
Curse the heads of men  
A thousand times decapitation  
Hail the avengement.
