

Artery

Princess Superstar

Its so easy
When everybody's tryin to please me
I was just leaving
Got important stuff to do
Like buy shoes and hate you
War is the perfect excuse
To do everything bad I ever wanted to do
Because nothin really matters when nothin really matters
To anyone that matters

C'mon get it out spit it out take it out of me
C'mon get it out suck it out take it outta me

Yeah you're real stoned now
High on power and cocaine
Even though nobody good took that since 1979
Fuck it, pass me a line
I meant a line for my song
Everything is wrong living in oblivion is really fun
Got a hole deep in my soul
Cliche
But hey hey...hey...hey

C'mon tear it out spit it out take it out of me
C'mon get it out tear it out take the artery

Time to reassess my mission
Wish I had religion
For some nice tunnel vision
Go ahead get that smile you get on your face when you get a taste
But just in case
Remember I can press erase
I got two friends to take care of me
Apathy and technology
I'm such a commodity
A musical comedy everyone wants a part of me

And then I had a dream where everyone on earth died except for me
I went to the mall , you know like that movie
And when I woke up and I looked at the newspaper

And I thought, is that all there is?

Is that all there is?

C'mon tear it out spit it out take it out of me
C'mon get it out suck it out take it all from me
C'mon tear it out spit it out take it out of me
C'mon get it out take the heart take the artery
