Im smokin on some killa kill

Yep yep Im high

Gotta do it ev'ry day

Why? Thats my lifestyle

grape cigarello filled up with good dro

Ridin down Broverly tell me what you hit fo

Come around my way better be prepared to cheif

We twist em right up out the fuckin' OZ

I be token till 6 o' clock in tha mornin'

As long as no one comes in to stop me

Im Lil Wyte the almighty good weed connoisseur

Hydro, dont ever come to ya cheap

If Im in the Memphis city streetz

Ima get the best trees

all the smack smokers can read it and weep

I lay back in the Cut

Smokin on a big blunt

Waitin on a call to get some more cronic

This shit one hit will sit cha down

have ya chokin all night ready to vomit

50 bags out tha sack in them houses mayne

Will have a pot head like me spinnin insane

Amounts of cash out these bags

of this purple kush, jack frost, and this blueberry hurricane

I got some right here ta knock ya dick in the dirt

And Im bout to pull it up out my pocket
Take it slow, dont hit it too hard
This is liable to pull ya neck
right up out its socket Break it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get high Break it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get high Break it down (Break it down)

Lite it up (Lite it up)
Get high. get high, get high [Verse 2 - Lil Wyte]
Ima a California dough dough
marijuana inspecta
Always in slo-mo like I been screwed
Keep me on the low low
like a private eye
When its time to get high
Ill make the call to you
Ive been keepin some good shit
Ohhh all the good shit
Give me a name and
Ill find it and blow it
If I cant locate within week
We'll get the seeds
And we'll fuckin grow it
Aint no thang to me
Pimpin' its just me
Really it all depends on the consumer
How many times have you heard of it
causin' a heart attack or givin someone a tumor
None! I said it, not a one
Zero, zilch, nodda, zero
Ill take a mothafuckin pound to the head
Ima stoner, call me the ganja hero
Laugh at what you wanna laugh at man
Crash where ever you wanna crash at man
After you hit this blunt, take a puff of this silvia
It'll put cha in the trashcan
I smoke almost everything I can inhale
like Sticky said, he's got Forbidden Fruit

I said break it down, roll it up, lite it up
Ill be the judge of this Jesus JuiceBreak it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get highBreak it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get highBreak it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get highBreak it down (Break it down)
Roll it up (Roll it up)
Lite it up (Lite it up)
Get high. get high, get high[music plays till fade...]
