Everything We Had

Clarkkent

You were the only face I'd ever known
I was the light from the lamp on the floor
And only as bright as you wanted me to beBut I am no gentleman, I can be a prick
And I do regret more than I admit
You have been followed back to the same place I
Sat with you drink for drink
Take the pain out of love and then love won't existEverything we had, everything we had
Everything we had, everything we had
Is no longer thereIt was the only place I'd ever known
Turned off the light on my way out the door
I will be watching wherever you go
Through the eyes of a fly on the wallYou have been followed back to the same place I
Sat with you drink for drink
Take the pain out of love and then love won't existEverything we had, everything we had
Everything we had, everything we had
Is no longer there, longer thereWell, you saw for yourself, the way it played out
For you, I am blinded
For you, I am blinded
For youI am no gentleman, I can be a prick
And I do regret more than I admit
You have been followed back to the same place I
Sat with you drink for drink
Take the pain out of love and then love won't existEverything we had, everything we had
Everything we had, everything we had
Everything we had, everything we had
Everything we hadI'll be with you wherever you go
Through the eyes of a fly on the wall
