

Sex for Breakfast

[Christina Aguilera](#)

Tossing and turning makes my appetite
Keep growing stronger all night long
Anticipating morning light
And I can't wait much longer, feels so strong
Our bodies touch and I just can't get enough
I wanna love you, love you, love you, love you, love you, eh
Won't let you sleep, gotta satisfy my needs
I need to love you, love you, love you, love you, love you, eh
And when the sun rises there's one thing on my
mind
I want sex for breakfast, stay inside
And even though we made sweet love all night
Sex for breakfast, it feels so right
Might be late for work but I promise that it's worth it, baby
Don't go, so hungry for you, taste me and I'll taste you
There's no stopping what I'll do to get you in the mood
Our bodies touch and I just can't get enough
I wanna love you, love you, love you, love you, love you, eh
Won't let you sleep, I want you deep and inside of me
So I can love you, love you, love you, love you, love you, eh
And when the sun rises there's one thing on my
mind
I want sex for breakfast, stay inside
And even though we made sweet love all night
I need sex for breakfast, it feels so right
And I can see break of day peek in
Through the curtains and I'm so certain
That soon I'm gonna feel your honey drip
My juices start to flow
Strawberry cream, it's like a dream
My fantasy is reality
When the morning comes
I know that I will too
And when the sun rises there's one thing on my mind
I want sex for breakfast, stay inside
And even though we made sweet love all night
Sex for breakfast feels so right
And when the sun rises there's one thing on my mind
Sex for breakfast, stay inside
And even though we made sweet love all night
Sex for breakfast feels so right
Taste me and I'll taste you
Alright, sex for breakfast all night
Sex for breakfast feels so right
